

The Layer Marney Tower Bar

After the wedding breakfast we lock away all of your drinks and open up our bar. A tab can be set up for you if you wish or we can run a pay bar.

We are able to run a restricted tab if required, perhaps offering only beer and wine on the tab, your guests can then purchase drinks such as spirits.

If you would like us to purchase polypins (36pts) or firkins (72pts) of Adnams Best bitter, we can do so and sell pints for the same price as our draught bitter. Other beers can be sourced depending on availability. We then sell back to you any remaining ale at cost price due to the restricted use by dates. We would require at least two weeks notice in order to order these beers for you.

The bar is licensed to run up to midnight; we are unable to accept card payments at Layer Marney Tower.

The following drinks are available, along with our charges.
