

Venue: Marquee at your home

A description from the BSW Marquee Hire website

With over 40 years experience, BSW Marquees through three generations, are a family business operating from premises in Rayne, near Braintree Essex.

Working throughout East Anglia we offer a professional service with attention to detail and an emphasis on the 'traditional' especially for weddings. This gives us a unique style, which together with our flexibility, sets us apart from other marquee companies. You'll be amazed at how versatile a marquee can be and we are old hands at fitting marquees into seemingly too small a space!

A description from the Chelmer Marquees website

Chelmer Marquees is a family owned and operated business, established in 1985. Since that time the business has grown considerably with many of our customers returning again and recommending our service to others. With this steady expansion we required larger premises and in 1996 moved to our current location, combining administration, manufacturing and storage under one roof.

Our aim is to provide a friendly and efficient service, tailored to your individual requirements

A description from the Leisure Hire Marquees website

Whatever your occasion, we can adapt our marquee structures to suit your individual needs. Courtesy site visits are made without obligation.

We are a family run marquee hire and related equipment hire business, based in Essex. We have been established in the marquee business since 1989, so you may have confidence that our service will help you get exactly what you want.

Throughout our marquee and equipment hire company we have a wealth of experience and knowledge to help you to get the event of your dreams.
