

## Outside Bar Service

Our mobile bars can be set up at your event or wedding at venues throughout Essex and Suffolk.

Bars are organised and run in a professional and efficient way, we organise licenses and set up and provide a fully stocked bar at the venue of your choice.

As well as setting up and serving we ensure that glasses are cleared and washed throughout the evening.

Drinks prices include bar staff, glasses, chilling facilities, and other sundry items required for the bar such as ice, garnishes and measures.

Our bars can be run in conjunction with our drinks service; we will happily finish serving your drinks then open a pay bar.

Please contact us for further details
